Q: Group all comments by author in Wordpress Is there a way to group all comments by author, so it looks like comment count but with separate authors? A: I found this plugin it allows to filter comments by author, sort comments and count the post comments. This plugin allows you to only display "Comment:" or the comment's time/date. You can add post ID or authors Here's a link 1. Technical Field The present invention relates to a method of monitoring and a device for monitoring a process of forming a semiconductor device. 2. Related Art In a process of manufacturing a semiconductor device, a process which forms an alignment pattern (contact hole, via-contact hole, interlayer-insulating film opening or the like) for which the deviation or reliability of alignment accuracy is important is included. As such an alignment pattern, a substrate having a resist film formed on the surface thereof is used, and a substrate on which a pattern is formed
